

THE  
**SENNEY HONORS ACADEMY**  
AT LUTHERAN WEST

The Senney Honors Academy at Lutheran West presents a rigorous curriculum to students wishing to grow academically, spiritually, and as leaders during their high school years. Students will enjoy a curriculum that enables them to dialogue with some of the area's most successful leaders, develop a vast array of analytical thinking skills, achieve strong standardized test scores, and prepare for success at the collegiate level.

The program consists of three core focus areas: Academic Leadership, Leadership in Service to Others, and Growing as Christian Leaders. The activities and requirements in the program support each of these focus areas. As a member of the SHA, you will also have access to early college planning and preparation, including an out-of-state College Tour each year. Additionally, you will have the opportunity to serve others in a meaningful way through SHA sponsored service activities. The Senney Honors Academy ensures that students become leaders in their communities by enabling them to serve with a variety of local and national organizations.

Interested students should review the application requirements below.
